ANTI SLIP DOMESTIC

MATERIAL SAFETY DATA SHEET

PRODUCT IS CLASSIFIED AS HAZARDOUS ACCORDING TO NOHS AUSTRALIA.

PRODUCT IS NOT A DANGEROUS GOODS ACCORDING TO ADG CODE.

IDENTIFICATION

Product Name: Anti Slip Domestic Safety Treatment
Product Use: Floor Safety
UN Number: None Allocated
Hazchem Codes: None Allocated
Dangerous Goods Class: None Allocated
Poisons Schedule: S6
Use: Floor Safety Treatment formulated to increase the co-efficient of friction on hard surfaces.

PHYSICAL DESCRIPTION/PROPERTIES:

Appearance:	Translucent lemon-coloured low viscosity liquid.	Flashpoint:	Does not Burn
Boiling Point:	100 degrees C.	Upper Flammability Limit:	Does not Burn
Vapour Pressure:	Not relevant.	Lower Flammability Limit:	Does not Burn
Specific Gravity:	1.12		
Solubility in Water:	1000 g/L		

INGREDIENTS:

Chemical Entity	Proportion	TWA(mg/m ³)	Cas No.
Coconut Oil Diathanolamide	< 10.0%	Not Set	68584.22.6
Sulphonic Acid	< 7.5%	Not Set	68584.22.5
Alcohol	> 2.5%	Not Set	64.17.5
Sodium Laurel Ether Sulphate	< 2.0%	Not Set	
Hydroxyethyl Cellulose	< 0.002%		9004.55.3
Fluoride Salts	< 1.5%	2.6	1341.49.7
Water	to 100%	Not Set	7732-18-5

HEALTH HAZARD INFORMATION

HEALTH EFFECTS -

Acute	Swallowed:	Irritant
	Eye:	Irritant
	Skin:	May be irritant on prolonged and repeated contact
	Inhaled:	Not irritating if inhaled
Chronic		Not applicable

FIRST AID -

Swallowed Contact doctor or Poisons Information Centre.
Do not induce vomiting. Give glass of water.

Eye	Hold eye open and wash with water continuously approx. 15 minutes. Seek medical attention if needed.
Skin	Remove contaminated clothing and wash affected area with soap and water.
Inhaled	Nil
